Why TOI recommends?

Ideal for: End users seeking ultra-premium long-term living and investors focused on stable capital appreciation in Gurgaon's most proven luxury corridor.

Birla Arika is a limited-inventory development with spacious 4 BHK residences, large landscaped areas and a signature lifestyle clubhouse, designed for a private, high-end residential experience.

Backed by strong micro-market performance, premium buyer demand and Birla Estates' institutional execution, the project offers a measured, predictable growth profile rather than speculative volatility.

Located in one of Gurgaon's most established luxury belts, Arika enjoys seamless access to business hubs, premium schools, retail districts and key arterial roads, supporting long-term livability and resale strength.

The project offers a limited collection of 4 BHK residences, designed with expansive built-up areas to prioritise space, privacy and long-term livability. With a single configuration and a defined inventory, pricing remains transparent while availability is naturally restricted.

Birla Arika is a Low-Density project with 560 units in total. This "10% every 6 months" plan is often a launch-phase exclusive. As construction reaches the 10th or 15th floor (likely by late 2026), the developer typically switches to a standard Construction Linked Plan (CLP) where payments are much closer together.

Investment Highlights

CALCULATED FOR A 4 BHK UNIT MEASURING 4,300 SQ. FT

With a 75% loan structure, Birla Arika delivers a ~14% true XIRR over a 4-year horizon, balancing capital efficiency with lower leverage risk.
